Case 3:21-cv-00526 Document 72 Filed 05/17/23 Page 1 of 2 PageID #: 1164

Nos. 71-1–10. For example, the renewed motion requests leave to file Doc. 48-1 at 559–561 under seal. (Doc. No. 70 at 1). Doc. No. 48-1, however, is the *redacted* version of the document, and thus is actually a document that evidently need not be filed under seal. Even if the Court could surmise which of the unredacted documents that Doc. No. 48-1 corresponds to, the pagination is completely different. None of the redacted versions of the documents filed under seal exceed sixteen pages, and therefore there are no documents with the page range of pages 559–561.

Although the Court appreciates Defendant’s efforts to comply with the Court’s order at Doc. No. 67, the Court cannot resolve the renewed motion on the merits when it requests to seal documents that are identified with the incorrect document numbers and page numbers. For this reason, the renewed motion at Doc. No. 70 is DENIED without prejudice. Defendant SHALL file a second renewed motion which properly accounts for different document numbers and pagination.

IT IS SO ORDERED.
